## DIGITAL OBSERVATION BOOK

Switch to a digital OB book and make sure your guards are adhering to the SLA's you've got in place. Never worry again that the book is being filled out the next day. All entries receive a unique OB number and date-time stamp giving you indisputable evidence in a log format.

### Replace your OB books

Gone are the days of collecting OB books to write reports. Information is gathered and stored securely online.

### Real time logs

Get real time information on each of your locations when you need it. No more waiting until the information is old.

### Daily Emails

Get 24 hours log information delivered to your phone every morning. Know exactly what happened the previous shifts and share with your clients.

### Shifts

Know exactly what time your staff start and end their shift. The date and time cannot be modified which means you have full evidence logs in the case of an audit.

### Patrols

Every patrol and incident is recorded and date stamped. Know that a guard hasn't fallen asleep during a shift because the patrol logs cannot be faked.

### Daily Email Logs

Get an email every morning from each location with the last 24 hours shift, patrol and incident information. This means you can share information and resolve incidents quicker than ever before.

### Control Room

View real time information from all you locations. Log in via your phone or browser at anytime to see all your shift and partol logs.

### Access anywhere, anytime

Use your phone to access logs from any of your locations at any time.
